*Bro. Willie Banks - Epsilon Chi Chapter*

*My comment on the training in a word, “EXCELLENT”. In my mind that sufficiently covers it. However, sometimes it’s necessary to expound on comments. Let’s start with Rodney the District Council. What impressed me was Rodney’s ability to cover the information clearly and concisely and field all questions with answers that made sense and did not come across as made up. Next Bro. Seasay just breezed through his presentation effortlessly without selling WOLF TICKETS. Just the facts. Basically follow the rules or you don’t get to participate. Man!!! Let me end by just SAYING EXCELLENT.*

*Bro. Harold Allen – Theta Chi Chapter*

## PSI UPSILON CONDUCTS 2015 VOTER REGISTRATION DRIVE

by Bro. Wallace McLoyd, Jr.

The Brothers of Psi Upsilon Chapter Omega Psi Phi Fraternity, Inc. conducted its Annual Voter Registration Drive July 18, 2015 at a local prominent and popular barbershop named Ice Tre’s Barbershop, in Lawton, Oklahoma. Each year, the Psi Upsilon Chapter Voter Registration Drive strives to provide people in

the local area an opportunity to have a voice in the community, express their views and positions to elected officials, by having an influence in local, State, Federal, and National elections. Most economists and political experts agree that the greatest benefit of voting is that it’s the most effective way for the general population to communicate and provide feedback to the political powers-that-be. In addition to the political benefit, voting has other positive effects including that voters are more likely to be politically informed, to volunteer in their communities and to contact local community officials on important issues.

The 2015 Voter Registration Chairman is Brother Triton “Tank” Mayberry.

## ALPHA IOTA IOTA 2015 FALL-OWT

by Bro. Rod Delph

The Fall-Owt is the annual picnic hosted by the Alpha Iota Iota Chapter. The 2015 Fall-Owt was held on September 12, 2015 and was scheduled in conjunction with the Chapter's 26th charter anniversary. The Fall-Owt serves as a donation event designed to receive items such as toiletries, personal care items, and household items from the picnic's attendees. These items are used to donate to the Alpha Iota Iota community service partner Forest Green Manor a Dallas Housing Authority community for seniors. Chapter T-Shirts were sold to fund the picnic's facility, music,

and food. Social media was used to invite the entire North Dallas community to fellowship with the North Dallas Ques, and the Fall-Owt serves as a big conduit for Retention and Reclamation. Several Brothers have been reclaimed due to this fellowship over the last several years allowing the chapter to be one of top Retention and Reclamation Chapters in the Ninth District. Brothers are always impressed with the positive endeavors they discover the chapter is involved with and how this event does not alienate any Brother regardless of his status with the Fraternity.

This disease is even more prevalent in Black Americans, where we are at greater risk for cardiovascular disease and stroke than White Americans.

## PSI ALPHA CHAPTER 2014 ACHIEVEMENT WEEK NATIONAL SOCIAL ACTION DAY REPORT

by Bro. Gerald Singleton

This year the Brothers of Psi Alpha Chapter joined forces with Big Brothers Big Sisters South Texas, the African American Mentoring Initiative Advisory Council (AAMIAC), S.J. Davis Middle School and Sam Houston High School in San Antonio Council District 2, to provide school-based mentoring focused specially on at-risk African-American boys. For the 2013/2014 academic school year, the Psi-Alpha Chapter is sustaining one-to-one mentoring relationships with 10 Davis Middle School 6th grade students, and seven 9th graders who attend Sam Houston High School. Our mission is to help these kids beat the odds and reach their potential through weekly one-to-one mentoring visits in their classrooms. We try to teach the boys self respect, self confidence, and self worth to help them grow into becoming

responsible men.

To celebrate the Nation Social Action Day campaign, the Brothers are expanding the Chapter’s weekly mentoring session by extending an invitation to the parents of the Little’s to join us for a special school-hour visit focused on fostering the link between the teacher, child and mentors. ## THETA ALPHA BROTHER KEYNOTE SPEAKER

by Bro. Dr. Christopher L. Davis

Dr. Christopher L. Davis, an alumni of SMU and active officer of the Theta Alpha chapter of Omega Psi Phi Fraternity, Inc. served as this year keynote speaker. He challenged students to not shy away from the

challenge of “living in a fishbowl”, but instead use their platforms to encourage and influence everyone around them to accomplish great things. Named in honor of Dr. Ronald E. McNair, the second African American to fly in space and member of Omega Psi Phi Fraternity, Inc., the McNair Scholar Program is geared towards helping low income, first generation college students achieve their dreams of high academic achievement.

## A BROTHER'S HEART

## THE LOS ANGELES GRAND CONCLAVE IN 1955

by Bro. Kevin Baker

In Response to Current Events and a Brother’s Heart - This section will focus on current issues that we face as Omega men and provide an avenue for any brother to submit an uplifting article.

Bro. Willie Hinchon Chapter Advisor and former Ninth District Representative.

Seeing the need to press on and lessen the encumbrance on the undergraduate chapter assessments Bro. Hinchon completed a campaign focused on completing the Life Membership challenge. Now as a successfully concluded project both chapters share the benefit of membership in an organization with sustainable relevance and pride.

This year 2015 represents the 60 year anniversary of the Pi Upsilon Chapter of Omega Psi Phi, Hawkins, Texas. This year also is the 60 year anniversary of the 41st Conclave’s Supreme Council challenge under the leadership of Bro. John F. Potts 22nd Grand Basileus to attain membership in the National Association for the Advancement of Colored People (NAACP). To help commemorate this milestone the Pi Upsilon Graduate Chapter and the Phi Beta Undergraduate Chapter of Hawkins, Texas have each fulfilled the Silver Life Membership and have received their fully paid membership certificates. This comes as an “honor and a tribute to the life and legacy of Dr. Marshall L. Lanier for his hard work in establishing our watch word in the community” said

The Los Angeles Grand Conclave in 1955 initiated a program whereby each graduate chapter would purchase a Life Membership from the NAACP. Between 1955 and 1959, chapters contributed nearly \$40,000 to the NAACP. Every district and chapter of the fraternity is required to maintain a Life Membership at Large in the NAACP. All members of the fraternity are encouraged to join the NAACP. During this era, social action became Omega’s primary programmatic thrust. Thousands of Omega men became actively involved in the fight to eliminate racial discrimination. (August 31, 2015; [http://www.oppf.org/about\\_omega.asp](http://www.oppf.org/about_omega.asp))

## PSI ALPHA CELEBRATES 15TH YEAR OF ADOPT-A-HIGHWAY PROGRAM

by Bro. K.D. Singleton

If you are driving down N. New Braunfels Avenue in the vicinity of Martin Luther King Plaza on San Antonio’s East Side, you will notice how well this section is kept. Who is doing such a great job, you ask? The answer is, of course, Psi Alpha Chapter. In the early 80’s, Psi Alpha became a member of the Adopt-A-Highway program in San Anto-

nio through the efforts of Brother James Blair (Omega Chapter) as part of the Chapter’s Social Actions Program. The site selected for the Chapter, on San Antonio’s East Side, traditionally had been neglected due to transiency and residential neglect. Today however that paradigm has changed as the Chapter’s diligence

over the years has come to fruition. Nowadays the Brother's trash eradication work, once every quarter is commonplace and is greatly appreciated by the residents and Council members representing San Antonio's East Side. The Brothers take great pride in continuing the Chapter's legacy of service and Uplift through the Adopt a Spot community beautification. Most importantly,

the 2-mile thoroughfare surrounding Martin Luther King Plaza always looks fantastic. Thanks goes out to the QUEs who have been instrumental in creating a transformed environment for city residents.

## PSI ALPHA GIVES GIFT OF LIFE: CHARLES R. DREW BLOOD DRIVE & MARROW REGISTRATION

by Bro. K.D. Singleton

The need for Blood is critical and urgent. It is said the reason people don’t give blood is that no one asks. 12 years ago the Brothers of Psi Alpha were asked and they answered with an Annual Blood Drive and Marrow Registration which is hosted each year as a part of the City of San Antonio’s Official Martin Luther King, Jr. Commemorative March. As a result of the San Antonio King March being among the largest in the Country, the Psi Alpha Chapter’s Drive is a widely supported Blood Donor event.

with the South Texas Blood and Tissue Center, on the day of the King March. Through the Brothers due diligence, the donor mobile are positioned at the YMCA Park which is the termination/rallying location of the parade. The Drew Blood Drive is a key part of the Chapter’s Social Action Program committed to “Uplift” through community outreach. This year Psi Alpha’s efforts led to over 246 blood donations provided for the South Texas Blood and Tissue Center. The City of San Antonio has a highly urgent need for Blood and Marrow, and through the leadership

## OMICRON GAMMA GAMMA COMMUNITY CLEAN UP

by Bro. Kenneth Deamon

On July, 25 2015, the brothers of Omicron Gamma Gamma showed their civic pride by driving a community clean up activity. The brothers have adopted two miles on Robinson Road in Grand Prairie, TX. Our mission is to beautify surrounding area by clearing off any litter or debris. Robinson road is a major thoroughfare as it connects citizens to the local Boys and Girls Club, elementary schools and the neighborhood housings. OGG hopes to drive social change in this area by creating a litter free environment that will increase civic pride. The brothers are responsible for cleaning the area on a quarterly basis. Through our physical presence and actions we are creating a lasting image of Omega Psi Phi Fraternity in this community.

## PSI ALPHA PAYS TRIBUTE TO FATHERHOOD BY VISITING SICK AND SHUT IN BRIDGE BUILDERS

by Bro. K.D. Singleton

Each Quarter, the Brothers of Psi Alpha conduct “Que Fathers Visits” by visiting the residences of sick and shut in members of the Fraternity. The Father’s Day weekend visits are especially heartfelt not only because of the love it engenders among the Brotherhood, but also because of the special bond it creates/ reinforces with the families and caretakers as well. “We have come to cherish these visits”, said Basileus Brother E.J. Moore, “because this unites us collectively to take care of our own and really live our creed.” Often the visits last up to one hour during which stories are shared, photo’s taken and memories are created that last a lifetime. Most recently the Brothers visited three Brothers, one of which was recovering in a Rehab center. This occasion presented the opportunity to show our colors as a large group in a setting where many residents don’t receive visitation and fellowship in the spirit of our great Fraternity. As you can imagine all eyes were on the Brothers as the group swelled in size and laughter as only the Ques can do. Psi Alpha takes care of her own. And in this manner the strong legacy of Friendship abides among the Brothers in the Alamo City.

## OMICRON GAMMA GAMMA 2015 BACK TO SCHOOL DRIVE

by Bro. Kenneth Deamon

On Thursday August 27 2015, the brothers of Omicron Gamma Gamma chapter of Omega Psi Phi Fraternity, Inc., and the ladies of Delta Sigma Theta Arlington Alumni Chapter partnered together to deliver back packs and school supplies for needy children Adam’s Middle School in Grand Prairie, Texas. The Step Out March is a national event held to unite thousands of people to help STOP DIABETES. The Brothers of Psi Alpha enjoyed great entertainment while hearing from community leaders and learned about the toll diabetes is having on the city of San Antonio and throughout the country. Team Psi Alpha, with its Royal Purple and Old Gold colors, lit up the park and helped motivate other teams to build enthusiasm for taking steps to stop diabetes. Through its generous fundraising, the Chapter donated \$500 in online contributions to monetarily support this worthy cause. # PSI ALPHA CHAPTER MEMBER ELECTED SAN ANTONIO DISTRICT 2 COUNCILMAN

by Bro. K.D. Singleton

On December 14, 2014 Brother Alan Warrick, 6 03 Upsilon Psi, and current Psi Alpha Chapter member was elected as San Antonio 2nd District Councilman.

Challenger Bro Alan Warrick defeated District 2 Councilman Keith Toney in a runoff election Tuesday night.

Just over 3,000 votes were cast, amounting

to a 5 percent turnout. Warrick said he was told that no more than 1,500 people would vote in the election, which is less than the 1,786 votes he earned. Bro Warrick, who turned 34 on Sunday, said he's going to give voters a little bit of a break but will be back out on the campaign trail soon. His seat, along with the nine other council districts and the mayor's office, are all up for election in May.

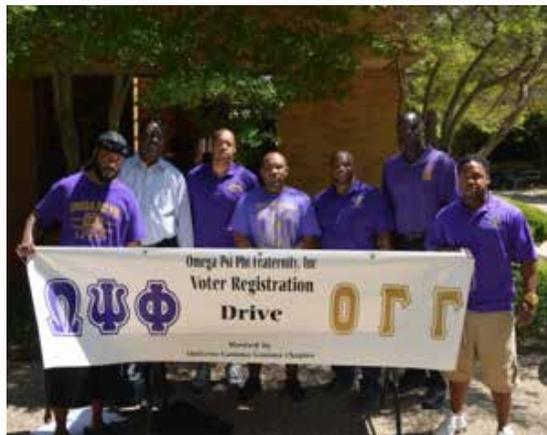

## OMICRON GAMMA GAMMA VOTERS REGISTRATION

by Bro. Kenneth Deamon

Omicron Gamma Gamma understands that substantial change in the community can only be achieved through being politically active in our community.

On September 8, 2015, the Brothers of Omicron Gamma Gamma (Graduate) and Mu Beta (Undergraduate) of Omega Psi Phi Fraternity, Inc., partnered together to host a voter's registration drive on the Campus of the University of Texas at Arlington.

Our goal was to show a unified Omega presence on UTA's campus. Voter registration is the beginning for students' education on the political process and ensures they will be taking advantage of the rights of all citizens to vote. The brothers enjoyed a day of fellowship and outreach with the student body. With the allotted time brothers were able to register 21 individuals from Tarrant and Dallas counties.

## INSPIRATIONAL YOUTH MENTORSHIP UPLIFT PROGRAM (OMEGA GENTS) ENTERS 4TH YEAR

by Bro. K.D. Singleton & Bro. Paul Booker

Psi Alpha Chapter's Aspiration Uplift mentoring program has entered its 4th year and has been expanded to include all Middle School grade males who we call "Omega Gents." The program is designed to help young men mature and reach their full potential. This is accomplished through group discussion, sports activities, motivational speakers and field trips. The Chapter has established agreements with Metzger Middle School (located in Northeast San Antonio) and the Judson Independent School

District, to identify 6th, 7th and 8th graders who meet specified criteria. The Chapter then interviews and selects students best suited for the program in consultation with the parents. The support base includes tutoring, counseling, listening, reading and extracurricular activities. This is in addition to monthly sessions covering subjects ranging from "study skills", to "etiquette" as well as field trips to sporting events and some Chapter functions. The program takes a tremendous amount of coordination and sacrifice but each year the Chapter's POC, Bro. Paul Booker and his committee members have continued to meet the challenge.

# PSI ALPHA VERY INVOLVED MENTORING SAN ANTONIO YOUTH THROUGH “IN-SCHOOL” AND “AFTER SCHOOL” MENTORING PROGRAMS

by Bro. K.D. Singleton & Bro. Paul Booker

Psi Alpha Mentoring Brothers conducted a Year End Celebration Party on the Campus of S.J. Davis Middle School highlighting the Chapter’s fifth consecutive year of in-school Youth mentorship. Over 30 people attended, including Parents, Teachers, Brothers and mentees. From August 2014 through May 2015 (Yearly) the Brothers of Psi Alpha have been conducting mentorship programs at S.J. Davis Middle School, and Sam Houston High School, both located on San Antonio’s East Side in the City’s “Promise Zone” area. These are predominately minority schools, in an economically challenged part of the town. Many of the children attending these schools, particularly African American students, are identified as “at risk” by the school system; however Psi Alpha goes the extra mile to spend time with these youth one school day every week. Our mission is to help these children beat the odds and reach their potential through weekly one-to-one mentoring visits in their classrooms. We try to teach the boys self respect, self confidence, and self worth to help them grow into becoming responsible men. For the 2015 academic school year, the Brothers of Psi Alpha have sustained one-on-one mentor relationships with 12 Davis Middle School

students and 9 high School students attending Sam Houston High School. The Chapter’s school-based mentoring focuses specifically on at-risk African-American boys and is conducted through partnerships with Big Brothers Big Sisters (BBBS), the African American Mentoring Initiative Advisory Council (AAMIAC), Sam Houston High School and S. J. Davis Middle School. Parental involvement is a key component of our success and underscores the Chapter’s shared responsibility for high student academic achievement. The Chapter recently instituted a Little Brother of the Month” program to stimulate a positive focus on good behavior expected of young men. Many of the young men selected have never received awards and the change in their demeanor shows the excitement they place in such recognition. Because of the success in opening up channels of communication with the kids, the school has cited the Mentoring Brothers as assets worthy of emulation at other schools. Next year the Chapters mentoring program will continue its focus on building men and teaching them the importance of Manhood. Through our mentoring endeavors, the Alamo City QUEs continue to strengthen their commitment to community service of San Antonio.
